SUMMARY

Motivated BCA graduate with hands-on experience in Python, Django, SQL, and web development through internship and academic projects. Passionate about Artificial Intelligence, Machine Learning, and backend development. Seeking an AI/ML or Python Developer Internship to apply technical skills and contribute to real-world software solutions.

EDUCATION

Dr. Subhash University, Junagadh

July 2023 - April 2026

Bachelor of Computer Applications (BCA), Relevant Areas:, Full Stack Development, Database Management Systems, Software Engineering, Web Technologies, Data Structures & Algorithms

PROJECTS

Bike Rental System (Final Year Project)

- Developed a Django-based web application for bike rentals.
- Implemented user registration, authentication, booking management, and admin dashboard.
- Integrated database operations using SQL.
- Improved rental management through automation.

Agri Shop – Farmer Online Selling Application

- Built a platform connecting farmers directly with customers.
- Developed product listing, inventory management, and online ordering modules.
- Enhanced transparency and efficiency in agricultural product trading

TECHNICAL SKILLS

- Programming Languages: Python, SQL, JavaScript (Basic)
- Frameworks & Libraries: Django, NumPy, Pandas, Scikit-Learn
- Web Technologies: HTML5, CSS3
- Tools: Git, GitHub, VS Code, Cursor AI, GitHub Copilot
- Concepts: OOP, Machine Learning Basics

INTERNSHIP EXPERIENCE

Python & Django Web Development Intern | Satvarth Solutions | Nov 2025 – Dec 2025

- Completed a 120-hour internship focused on Python and Django development.
- Worked on real-world web application assignments.
- Applied Object-Oriented Programming concepts in project development.
- Gained practical exposure to backend development and database integration.

INTERESTS

- Artificial Intelligence & Machine Learning
- Python & Django Development
- Scalable Software Systems Real-World Problem Solving
